c. A brief on types of customers

The Company offers a wide range of financing solutions tailored to rural and semi-urban customers, primarily targeting retail clients such as first-time borrowers (FTB) and new-to-credit customers (NTCC). It serves customers from various sectors, providing loans for diverse purposes including the purchase of vehicles for personal or commercial use, home purchases and for other personal or business needs. Chola caters to a diverse range of customers across its various business and addresses various social commitments including funding to marginalised segments, such as under served self employed and cash-salaried individuals, etc. The Company practices and upholds financial inclusion as a core principle of responsible business. Following are the types of customers based on products:

Vehicle Finance (VF):

The Company provides financing for the purchase of commercial vehicles, cars, multi-utility vehicles, three-wheelers, two-wheelers, tractors, and construction equipment, covering both new and used vehicles through its branches pan-India.

- In its commitment to responsible business practices, the Company is funding electric vehicles across all segments to help reduce environmental pollution.
- Financial inclusion is another key focus for Chola. The Company extends loans to New to Credit customers(NTCC), thus ensuring financial inclusion.
- Additionally, the Company provides special schemes to women borrowers for the purchase of vehicles from time to time. This initiative encourages women to purchase vehicles, thereby enabling them to be more independent and empowered. This also helps in creating more women entrepreneurs.
- By primarily operating in tier III to tier VI cities, the Company ensures that financial inclusion is achieved, by providing underserved communities with access to credit. This initiative helps improve the financial standing of individuals in these areas and enhances their standard of living.
- As part of Chola's commitment to responsible lending, we recognise the importance of supporting sustainable agricultural practices. The Company offers loans to agri customers who lack access to organised finance for purchase of farm equipment, tractors etc. This helps in enhancing farmers' productivity, reduces manual labour and contributes to the overall growth of the agricultural sector.
- Funding to fuel-efficient farm equipment and tractors reduces the carbon footprint of farming activities, thereby contributing to our environmental sustainability goals.

b. Loan against Property (LAP): LAP product provides access to credit for individuals and businesses in need, thereby promoting financial inclusion and economic empowerment.

- This product segment has an extensive network in tier 2+ cities, where banking penetration is limited, ensuring that the Company's financial services reach the underserved population. The Company's presence in these cities helps promote financial inclusion, economic growth, and social development.
- This financing supports infrastructure projects, including building of roads, construction of warehouses, industrial facilities and commercial buildings for economic growth and urban development.
- The segment provides financial assistance for educational purposes, making quality education more accessible, and thereby promoting social mobility and economic growth.
- The Company's financing solutions help women access the funds they need to start or grow their businesses, promoting economic independence. social mobility thereby aiding women empowerment and gender equality.

c. Home Loans business focusses on providing Home Loans under affordable segment with pan India presence.

- The Company offers loans for self-construction, purchase of resale flats/independent houses, purchase of new flats/independent houses, mixed-use properties (residential with a small commercial unit), home extension, balance transfer of existing loans from other financiers and plot purchase.
- It serves underserved markets, operating in tier 2 to 6 cities and suburbs of tier 1 cities, with 98% of its asset base in these locations supporting the Prime Minister's vision of "Home for All".
- The Company offers loans to young adults aged 21 to 30 who wish to transition to independent living.
- The Company also offers loans to women borrowers. This initiative helps empower women by providing them with the financial resources needed to secure housing.

d. Secured Business & Personal Loans: Through this segment, Chola is funding to the underserved self-employed non-professional customers (e.g. grocery shop, dairy owners, unskilled labourers, low salaried/cash salaried workers). This ensures access to capital for small businesses to expand, innovate and increase their productivity. This, in turn, stimulates economic activity and contributes to overall economic growth. Further, small businesses often operate within local communities. Lending to them helps circulate money within the community, supporting local economies and fostering a sense of community development.

e. Small & Medium Enterprise Loans(SME): SME Loans exclusively support Micro, Small and Medium Enterprises (MSME), for them to grow and diversify their business.

- The Company caters to MSMEs, thereby fulfilling the Priority Sector Lending (PSL) norms. By doing so, the Company provides credit to sectors critical for the sustained development of the economy.
- MSME lending also encourages local entrepreneurship by providing the necessary financial support to start and expand small businesses and stimulate local economies.
- MSMEs operate in various sectors such as manufacturing, services, and agriculture. Thus, lending to this segment supports diversification and provides a wide range of job opportunities to the local population.
- Funding to buy medical equipment is given to small nursing homes or public health centres, thereby improving access to healthcare to rural and semi urban areas as the Company majorly has presence in tier 2+ cities.
- Also, the Company funds to delivery partners for procurement of electric commercial vehicles addressing the concern of pollution.
- The Company also lends to women entrepreneurs ensuring financial inclusion.
- By providing loans to schools in tier II+ cities, the Company helps improve access to essential services like education for the local population.
- The Company commenced funding solutions specifically for rooftop solar installations, enabling enterprises to significantly reduce their electricity costs. In addition to cost savings, rooftop solar adoption promotes environmental sustainability through the use of clean energy, enhances energy independence, and offers a long-term investment with minimal maintenance requirements.

f. Consumer & Small Enterprise Loans: The Company offers a range of unsecured loans, including personal, business and professional loans, to retail customers. This includes loans for NTC (New to Credit) customers based on income assessment, supporting lower-income segments, salaried individuals, self-employed persons, and proprietorships/partnerships firms to meet their business or personal needs.

By providing loans to small businesses in rural/semi-urban areas, the Company helps create job opportunities, income generation and improving standard of living conditions. Borrowers also use loans to establish pharmacies or small clinics, enhancing healthcare access in underserved areas. Additionally, the Company supports agri-based entrepreneurs in setting up processing and storage facilities in the agriculture sector.

g. Gold Loan: Gold Loans are offered for personal/business purposes, with distinctive features such as, quick approvals and minimal documentation. This makes financing easy, accessible, and affordable. Gold Loans empower individuals, strengthens families and supports thriving communities.

Governance, leadership and oversight

7. Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements (listed entity has flexibility regarding the placement of this disclosure)

The Company is committed to fostering a sustainable future by addressing the pressing challenges of climate change, promoting financial inclusion, and practising responsible lending. Dedication to environmental guardianship drives the Company to implement solutions that reduce our carbon footprint and mitigate the impacts of climate change. Simultaneously, the Company strives to empower underserved communities by enhancing access to financial services, ensuring that everyone has the opportunity to thrive economically. Through responsible lending practices, the highest standards of integrity and transparency, have been upheld, supporting the growth of businesses and individuals in a manner that is both ethical and sustainable.

Our Company prioritises Environmental, Social and Governance (ESG) practices and is committed to achieving all the objectives to make a better and sustainable tomorrow for everyone. The Company is working diligently to meet its ESG objectives by enhancing policies and processes and having a continuous review and monitoring mechanism.

With a wide range of product offerings under different businesses, the Company is also committed to enhancing rural and semi - urban quality of living. Having a pan-India presence with over 1700 branches, the Company has major presence in tier II+ cities, penetrating small villages and towns and lending to lower and middle-income borrowers. This enables the Company to address the financial requirement of under-served customers and micro & small enterprises.

The Company believes in achieving success by having a positive impact for its employees by actively promoting diversity in hiring, career advancements and availing opportunities within the organisation. The Company encourages women in business and functional roles and provides equal opportunities to them. The Company also emphasises on local hiring thus creating job opportunities locally. With an unwavering commitment to a sustainable growth, the Company has integrated ESG into the core of its operations. This not only enhances the resilience but also contributes in creating a sustainable and equitable society. The Company's journey in achieving ESG goal will be on-going, to help build a better future.

Sincerely,

Ravindra Kumar Kundu,

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

The following practices have been adopted in the Company's businesses and support functions:

Information Technology: The Company is aware of the extent of the environmental impact of improper management of e-waste and has adopted a strong e-waste management practice to minimise adverse outcomes. It strives to make sure that e-waste is disposed of in the most scientific way, that the recycling organisation has a valid permit and follows the required protocols laid down by regulatory bodies. The Company has also adopted a tool that monitors print usage by a user. This helps to reach high volume users and educate the users on sensitiveness of paper usage /need for saving of trees.

Infra and Admin:

- With a view to conserving paper, the Company has transitioned paper – related processes to a digital platform and carries out minimal manual documentation.
- Implementation of new LOS software has helped save at least 3500 prints per month.
- The Company has started promoting the use of recycled paper in FY 2022-23 and has taken several steps across the organisation that allow for more efficient paper usage.
- The measures adopted include a transition to 'double side printing mode', using single side printed wastepaper to create stationery products like note pads etc.
- To conserve energy, the Company has installed LED lights and sensor-based lighting in the corporate office to reduce electricity consumption.
- The Company has also advised employees to use stainless steel / ceramic cups of their own, in order to reinforce our efforts and manage waste. Further, the coffee cups used are also eco-friendly and bio-degradable.
- As part of its environment responsibility initiatives, the Company has installed water sensor taps in its offices to promote water conservation and sustainability.
- The Company has installed solar panels in its corporate office for electricity generation.

1. Water withdrawal, consumption and discharge in areas of water stress (in kilolitres):

For each facility / plant located in areas of water stress, provide the following information:

- (i) Name of the area
- (ii) Nature of operations
- (iii) Water withdrawal, consumption and discharge in the following format:

Parameter	FY 2025- 26	FY 2024- 25
Water withdrawal by source (in kilolitres)		
(i) Surface water	-	-
(ii) Groundwater	-	-
(iii) Third party water	-	-
(iv) Seawater / desalinated water	-	-
(v) Others	-	-
Total volume of water withdrawal (in kilolitres)	-	-
Total volume of water consumption (in kilolitres)	-	-
Water intensity per rupee of turnover (Water consumed / turnover)	-	-
Water intensity (optional) – the relevant metric may be selected by the entity	-	-

(iii) Water withdrawal, consumption and discharge in the following format: (Contd.)

Parameter	FY 2025- 26	FY 2024- 25
Water discharge by destination and level of treatment (in kilolitres)		
(i) Into Surface water	-	-
No treatment	-	-
With treatment – please specify level of treatment	-	-
(ii) Into Groundwater	-	-
No treatment	-	-
With treatment – please specify level of treatment	-	-
(iii) Into Seawater	-	-
No treatment	-	-
With treatment – please specify level of treatment	-	-

Criteria

The criteria used by the company to prepare the Identified Sustainability Information is based on the BRSR-Core Reporting Standard issued by SEBI, International Framework, Global Reporting Initiative (“GRI”) Standards, Greenhouse Gas (GHG) protocol and National Guidelines on Responsible Business Conduct (“NGRBC”). In addition, Business Responsibility and Sustainability Reporting (BRSR) as per Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 was also considered while developing this Report.

Reporting Period: April 1, 2025, to March 31, 2026

Boundary

The reporting boundary covers the Company's operations in India on a standalone basis for Cholamandalam Investment and Finance Company Limited.

Management's Responsibility

The Company's management is responsible for selecting or establishing suitable criteria for preparing the Sustainability Information, taking into account applicable laws and regulations, if any, related to reporting on the Sustainability Information, Identification of key aspects, engagement with stakeholders, content, preparation and presentation of the Identified Sustainability Information in accordance with the Criteria. This responsibility includes design, implementation and maintenance of internal control relevant to the preparation of the BRSR and the measurement of Identified Sustainability Information, which is free from material misstatement, whether due to fraud or error.

Inherent limitations

The absence of a significant body of established practice on which to draw to evaluate and measure non-financial information allows for different, but acceptable, measures and measurement techniques and can affect comparability between entities.

Our Independence and Quality Control

We have maintained our independence and confirm that we have met the requirements of the Code of Ethics issued by the Institute of Chartered Accountants of India and have the required competencies and experience to conduct this assurance engagement.

The firm applies Standard on Quality Control (SQC) 1, "Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements", and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards, and applicable legal and regulatory requirements.

Our Responsibility

Our responsibility is to express a reasonable assurance conclusion on the Identified Sustainability Information based on the procedures we have performed and evidence we have obtained.

We conducted our engagement in accordance with the Standard on Sustainability Assurance Engagements (SSAE) 3000, "Assurance Engagements on Sustainability Information", issued by the Sustainability Reporting Standards Board of the Institute of Chartered Accountants of India. This standard requires that we plan and perform our engagement to obtain reasonable assurance about whether the Identified Sustainability Information are prepared, in all material respects, in accordance with the Reporting Criteria. A reasonable assurance engagement involves assessing the risks of material misstatement of the Identified Sustainability Information whether due to fraud or error, responding to the assessed risks as necessary in the circumstances.

The procedures we performed were based on our professional judgment and included inquiries, observation of processes performed, inspection of documents, evaluating the appropriateness of quantification methods and reporting policies, analytical procedures and agreeing or reconciling with underlying records.

Given the circumstances of the engagement, in performing the procedures listed above, we:

1. Reviewed the approach to stakeholder engagement and materiality determination process and its outcomes as brought out in the Report.
2. Conducted interviews with selected representatives responsible for management of sustainability issues and implementation of the NGRBC Principles and carried out reviews of selected evidence to support topics and claims disclosed in the Report. We were free to choose interviewees and interviewed those with overall responsibility to deliver Company's overall sustainability objectives.
3. Carried out Onsite verification of sustainability performance data and sample evidence related to the sampled offices of the company to review the processes and systems for aggregating site-level sustainability information, as well as overall aggregation and consolidation of data from sites by the sustainability team at the Corporate Office at Chennai in Tamilnadu.
4. Reviewed the process of reporting on BRSR requirements including Section A: General Disclosures, Section B: Management and Process Disclosures, and Section C: Principle-wise Performance Disclosures.
5. Carried out an assessment of the processes for gathering and consolidating performance data related to the NGRBC Principles and, for a sample, checked the processes of data consolidation to assess the Reliability and Accuracy of performance disclosures reported based on BRSR requirements.

6. An independent assessment of the reports non-financial information against the requirements of BRSR and the guidance notes.

We believe that the evidence obtained is sufficient and appropriate to provide a basis for our reasonable assurance conclusions.

Exclusions:

Our assurance scope excludes the following and therefore we do not express a conclusion on the same:

- Operations of the Company other than those mentioned in the “Scope of Assurance”.
- Aspects of the BRSR and the data/information (qualitative or quantitative) other than the Identified Sustainability Information.
- Data outside the operations specified in the assurance boundary.
- Data and information outside the defined reporting period i.e. March 31, 2026.
- The statements that describe expression of opinion, belief, aspiration, expectation, aim, or future intentions provided by the Company. Additionally, assertions related to Intellectual Property Rights and other competitive issues.
- Review of legal compliances. Compliance with legal requirements is not within the scope of this assurance, and the Company is responsible for ensuring adherence to relevant laws.
- Review of the Company's strategy or other related linkages expressed in the Report.
- Mapping of the Report with reporting frameworks other than those mentioned in Criteria above.

Opinion

Based on the procedures performed as above, the evidences obtained, and the information and explanations given to us along with the representation provided by the management and subject to inherent limitations outlined elsewhere in this report, in our opinion the Identified Sustainability Information for the year ended March 31, 2026 (as stated under “Identified Sustainability Information”) are prepared in all material respects, in accordance with the criteria.

Restriction on use

Our Reasonable Assurance report has been prepared and addressed to the Board of Directors of the company at the request of the company solely, to assist the company in reporting on Company's sustainability performance and activities. Accordingly, we accept no liability to anyone other than the company. Our Deliverables should not be used for any other purpose or by any person other than the addressees of our Deliverables. The firm neither accepts nor assumes any duty of care or liability for any other purpose or to any other party to whom our Deliverables are shown or into whose hands it may come without our prior consent in writing.
