MP woman seeks release of dad, bro held for 'killing' her

Indore: In a twist to what was assumed to be a murder case, a young woman whose father and brother were jailed on charges of 'killing' her after she went missing, walked into a police station nearly a month later, prompting cops to reopen the case, reports **Rishika Kotwal**.

The dramatic event unfolded on May 27 night, when the 'missing' woman, Shivani, arrived at Khamnol police station in MP's Bhopalpur district and told the cops that she was alive and well, and wanted her father and brother released from jail.

Police said Shivani went missing on April 24. Her family searched for her extensively, but reporting the matter on May 1. During investigation, it was found that a local youth named Arjun had disappeared around the same time, and a missing report about him was registered on May 8. Police later learned the woman and the youth had left together.

Meanwhile, a headless and partially burnt body of a young woman was found in Jamod, Jagaon district. The investigators suspected the body to be that of Shivani. Her father, Bapurao and brother Ajay were arrested on the suspicion of murdering her and sent to Buldhana jail.

Centre veighs AF role in flying NEEET papers for June 21 retest

Proposal To Be Placed Before PM Before Formal Approval

@timesofindia.com

New Delhi: To prevent poornity leaks, which led to cancellation of India's biggest medical entrance exam NEEET-UG, the Centre is actively exploring the use of Indian Air Force (IAF) aircraft for transportation of question papers for the June 21 re-test, as part of a wider 'whole-of-government' security strategy involving ministry of home affairs, central agencies and state police networks.

The proposal was discussed at a high-level meeting chaired by defence minister Rajnath Singh on Thursday and attended by education minister Dharmendra Pradhan, communications minister Jyotirindia Sinha, senior PMO officials, National Testing Agency director general Abhishek Singh and top bureaucrats from military strategy.

According to education ministry sources, govt is considering deploying IAF only for transportation logistics "because of time constraints and because govt does not want to take any chances this time".

Sources stressed that no final decision has yet been taken and the proposal will be placed before PM Narendra Modi before any formal approval.

The move, however, acknowledges the ever-evolving CBSE's newly introduced 'On-Screen Marking (OSM)' system as a "progressive instrument" aimed at bringing greater transparency and accountability to the evaluation process, even as it took responsibility for glitches in the evaluation mechanism that have left students and parents worried.

"I take responsibility. It will be fixed, a solution will be found. We are all working on that task," Pradhan said after chairing a high-level review meeting at the CBSE headquarters here. He assured students that all genuine grievances would be addressed during the ongoing re-evaluation exercise. His remarks came amid constant attacks from opposition leaders, including Rahul Gandhi, and mounting complaints over blurred and scanned answer sheets, alleged unchecked responses, payment failures and repeated technical glitches on the CBSE post-result services portal following declaration of class XII board examination results. It also came a day when commerce minister Piyush Goyal came forward to strongly rebut Rahul's corruption charge by pointing out that the company Cempt Edutech Pvt Limited which owns OSM has also provided evaluation solutions to educational institutions in Congress-run Karnataka and Telangana. "Rahul Gandhi suffers from chronic political amnesia. He has done it again... chosen propaganda over facts, the attack over truth," Goyal said.

On X, Goyal listed institutions in the two southern states. "If this country is 'tainted', will he accuse CMs of Telangana and Karnataka of collusion? Will he demand their resignations... or is his outrage, as always, selective, scripted, and meant only for headlines against Modi govt?" he asked.

Pradhan owns up to evaluation glitches

New Delhi: Education minister **Dharmendra Pradhan** on Thursday defended CBSE's newly introduced "On-Screen Marking (OSM)" system as a "progressive instrument" aimed at bringing greater transparency and accountability to the evaluation process, even as it took responsibility for glitches in the evaluation mechanism that have left students and parents worried.

"I take responsibility. It will be fixed, a solution will be found. We are all working on that task," Pradhan said after chairing a high-level review meeting at the CBSE headquarters here. He assured students that all genuine grievances would be addressed during the ongoing re-evaluation exercise. His remarks came amid constant attacks from opposition leaders, including Rahul Gandhi, and mounting complaints over blurred and scanned answer sheets, alleged unchecked responses, payment failures and repeated technical glitches on the CBSE post-result services portal following declaration of class XII board examination results. Rahul asks why tainted co given OSM contract

Times News Network

New Delhi: Congress leader **Rahul Gandhi** has said education minister **Dharmendra Pradhan** must answer why CBSE's OSM contract was given to "Globores n" that had a tainted record, even if under a different name, "COEMPT". He also sought information on the connection between COEMPT's management and the Modi govt. After Pradhan attacked Rahul for seeking his resignation, Congress leader said, "Dharmendra Pradhan, you can attack me all you want, but it won't absolve you of your crimes. Now will it stop me from demanding answers for 18.5 lakh children. Why was the CBSE OSM contract handed to COEMPT... On whose orders was it done? Why were no background checks done?"

He added, "As for responsibility - if the PM cared, he should have sacked you long ago for ruining the futures of lakhs of students." #74

No case if you leave voluntarily, Shah tells Bangladesh illegals

Times News Network

Candhinagar: BJP govt in Bengal would not press charges against Bangladesh nationals living illegally in the state if they chose to return voluntarily, home minister **Amir Shah** said Thursday while reiterating Centre's commitment to detect-deport illegal immigrants from the country.

"Today newspapers are saying that illegal immigrants are voluntarily returning. Bengal govt has made detention centres for them. I am not sure if they entered illegally or not. If they do, state govt will not file any cases against them. Instead, it will assist them in returning," Shah said, while accusing former Mamata Banerjee-led Trinamool Congress govt of allowing unchecked infiltration of Bangladeshis.

"Hopefully most will leave before the campaign to identify infiltrators begins. Our govt is resolved to remove every infiltrator from the country," Shah said, addressing a public event at Sonpur in Gujarat's Gandhinagar district.

Shah said BJP had promised to start an assembly election campaign in Bengal that the India Bangladesh border would be fenced if people voted the party to office.

Consolidating Bengal CM **Suvendu Adhikari**, Shah said the new state govt had handed over 600 hectares of land to BSF within seven days of assuming office. He also said border fencing had added 12 hectares in the strategically vital Siliguri Corridor in north Bengal that links Northeast with the rest of India - had also been transferred to Union govt.

He said PM Modi had constituted a high-powered committee to examine reasons behind "unnatural demographic changes" and suggest corrective measures. The panel would submit its report within a year.

AI SF flight that returned after 9 hours was stuck for repairs in Nagpur for 6 yrs

Shishir Ayaz@timesofindia.com

Nagpur: An Air India Delhi-San Francisco flight that returned to New Delhi after remaining airborne for nearly nine hours on Wednesday was the same aircraft that was grounded at Nagpur's aircraft maintenance, repair and overhaul (MRO) facility for six years due to shortage of spares, sources said.

The Boeing 777 aircraft, registered VT-AL1, and named 'Goa', had arrived at Air India Engineering Services Limited's (AIESL) Nagpur base, Feb 2020 for routine maintenance and was expected to be cleared within a month. However, the aircraft remained stuck at the facility till March 2026 as critical components were removed and used in other aircraft requiring urgent repairs. VT-AL1, itself had to wait for fresh spares for more than half a decade than other components of VT-ALL, including both engines and landing gear systems, were replaced during the extended maintenance period.

File pic of VT-ALL at Nagpur MRO

On Wednesday, as it took off from Delhi, the plane was forced to turn back when its Traffic Collision Avoidance System (TCAS) malfunctioned, said sources. TCAS allows planes to communicate with each other on conflicting close, which helps in preventing collision, said sources.

According to sources, TCAS was among the systems inspected during the aircraft's overhaul at Nagpur MRO. The system comprises multiple components, including antennae, transponders and line replacement units (LRUs). Nearly all major components of VT-ALL, including both engines and landing gear systems, were replaced during the extended maintenance period.

Expanding Cold Chain Infrastructure

From Page 1
 The company took a principled decision to become a full dairy business even without a formal business case. About half of the portfolio will be dairy-based this year, with most of the transition completed next year," ter Kulve told ET in an exclusive interview. "We are not a frozen dessert company anywhere in the world; we are an ice cream company in India, we changed everything, everything."
 The Amsterdam-listed maker of Magnum, Cornetto and Kwality Wall's also plans to accelerate capital deployment in India after years of underinvestment under Unilever, when ice cream was not the focus area. The company is also slashing prices as much as 30% in some categories, adding local flavours such as kulfi and kesar bhog, and aggressively expanding cold chain infrastructure. "When I meet old Unilever leaders and discuss Surf Excel, we talk for two hours. Then we discuss Cornetto and the discussion is finished after one minute," said the

QUALITY CONCERNS
 We should have built eight factories. There is no way you can have good cost, quality and service when Cornetto needs to come out of Nashik for the whole country
PETER TER KULVE
 Global CEO, Magnum Ice Cream Company
 continues to operate as a subsidiary of Magnum group, which controls more than a fifth of the world's ice cream segment.
 "We should have built eight factories. There is no way you can have good cost, quality and service when Cornetto needs to come out of Nashik for the whole country," ter Kulve said, referring to the company's ex-

private equity-backed rivals. "You have local competitors, Havmor, Dairy Dax," he said, even as he singled out Mumbai-based Naturals for inspiration. "I love Naturals products. The coconut is really amazing," he said, describing the local firm as a "very aspirational company" built on an entrepreneurial success story.
 The chief executive arrived in India on Monday alongside board members including former Heineken CEO Jean-Francois van Boeckere. The delegation held board meetings, trade visits, strategy reviews with the Indian management team and a tour of the Nashik factory, besides meeting retailers and distributors.
 Even as the company invests aggressively, ter Kulve said the business has moved from a small profit to a small loss in India because of higher spending on dairy conversion, leadership, distribution and cabinets. "As a global group, we obviously can afford to invest behind the Indian market. I hope not to retire before India is a \$1 billion market," he said.

LOCAL RIVALRY
 After having spent part of the trip visiting retailers and ice-cream outlets in Mumbai, including the iconic K Rustom near Churchgate, Mumbai, he repeatedly drew comparisons with rivals he said had executed better in India.
 "Amul has very good dairy ice cream, which they do for a good price," ter Kulve said, praising the Indian cooperative's product quality, sourcing ecosystem and nationwide supply chain, while also citing competition from regional players and

Family Assets

From Page 1
 Political opponents have frequently mocked his preference for luxury accessories, but Shivakumar has stayed unmoved. He once wore a Louis Vuitton stole during a visit to a garbage segregation plant in Bengaluru. Political sources said he was inspired by former chief minister SM Krishna when it came to luxury labels.
 Shivakumar's signature look is a scarf, preferably Gucci, Louis Vuitton, Ferragamo, Burberry or Fendi, in a once-around wrap style — a drape frequently chosen by public figures to add a polished accent to formal or semi-formal attire without looking overly structured.
 "He's among the richest ministers in the country, he can afford to play with brands," said a senior IAS officer.
 Shivakumar's wealth stems from a range of business interests — real estate, infrastructure development, educational institutions and quarrying. He's declared combined family assets at more than ₹1,400 crore, making him one of the richest legislators in the country.
 But Shivakumar is also a man of the people, said Shankara Guha Dwarakanath, general secretary of the Karnataka Pradesh Congress Committee, citing his fondness for the dosas at Bengaluru's Vidarthi Bhavan restaurant.

Also, the people of Karnataka are more accepting of a political leader who likes the finer things, he said. Politicians elsewhere have found themselves in trouble even over Apple watches and Montblanc pens and typically take care to steer clear of flaunting their style quotient.
 Shivakumar, who works late into the night and doesn't sleep much, is also fond of sunglasses, his party colleague said, adding that many of the pricey items that he wears are gifted to him by well-wishers. And not all his scarves are from couture houses, he added. Besides, he takes scheduled flights rather than charters and avoids VIP lounges, preferring to sit with regular passengers.
 The Karnataka leader has also been the Congress party's quintessential "trouble shooter," helping to prevent MLAs from getting poached by rivals in Gujarat, Telangana, Maharashtra and elsewhere over the years.
 He's also faced the attention of the Enforcement Directorate (ED), having been jailed for about two months in September 2019 over allegations of money laundering and tax evasion.

Low Public Float

From Page 1
 "All these aspects are being examined," said another official. In February 2026, Arunish Chawla, secretary, Department of Investment and Public Affairs, or DIPAM, had said in a post on X that financial bids had been received for the strategic disinvestment of the IDBI Bank.
 "They will be evaluated as per the prescribed procedure," he stated. But the stake sale process came to a halt in March after the bids received were found to be below the reserve price. IDBI's share price then crashed from a 52-week high of ₹118.45 to a 52-week low on March 30 at ₹61.05 at the Bombay Stock Exchange, or BSE. The stock gained some momentum in April and is currently trading at ₹71.49 on the BSE.
 The government aims to sell its 30.48% stake and Life Insurance Corporation of India's 30.24% stake in the bank. At the current market price, it will be able to raise around ₹24,000 crore. The government has budgeted ₹60,000 crore from asset monetisation in this fiscal.
 As per the process, the successful bidder will have to go through a final assessment by the Reserve Bank of India (RBI) to ensure that it meets the regulator's 'fit & proper' standards. In addition, approvals will be needed from statutory and regulatory authorities, including the Competition Commission of India. The successful bidder will also have to comply with the requirement to make an open offer to minority shareholders of IDBI Bank.
