'India Inc to invest in AI despite West Asia crisis'

GULVEEN AULAKH
New Delhi, 27 May

Indian companies across sectors will continue to invest in artificial intelligence (AI) despite their cost of operations rising due to the impact of the West Asian conflict, said CP Gurnani, cofounder and vice-chairman of AI operating systems provider AIONOS.

CP Gurnani, cofounder and vice-chairman, AIONOS

The top executive noted that the tie-up underscored the importance of AI for companies in the face of global, geopolitical headwinds, as well as domestic-level austerity measures.

"The temporary pain is that the West Asian crisis is causing nervousness in most of the boardrooms around the world. But we all know that pain is temporary... we all know that businesses will need technology, businesses will need services and businesses need to be competitive, and businesses want to grow," he told *Business Standard* in an interaction on Wednesday.

Intetum India will primarily support the French major across its core markets of France, Belgium, Bulgaria, Poland, the UK and Ireland.

Jacques Pommeraud, chairman and chief executive officer (CEO) of

Intetum, noted that Europe remained under-developed in terms of adopting technology and digitalisation.

"Europe is under-modernised compared to the US, China and others. There's a strong need to digitalise and to adopt technology. Just to give you one number, public cloud, which is a technology that is more than 20 years old. On average, today across Europe, only 50 per cent of companies use public cloud... So the challenge now is to digitalise more, adopt more technologies, and the new thing, of course, is AI," he said.

The India arm will scale up Intetum's offshore capabilities and raise competitiveness amid global pressures.

AIONOS, the AI-based joint venture backed by InterGlobe Enterprises and Assago Group, will be the exclusive partner to establish and scale Intetum India. The company said it will bring its AI-native capabilities, technology stack and operational model. Intetum India will integrate existing employees already present locally, while building high-performing off-shore teams in India.

Air India to cut flights from June

DEEPAK PATEL
New Delhi, 27 May

Tata group-owned Air India will reduce both domestic and international flights from June to August this year due to high fuel prices amid the ongoing West Asia conflict, the airline said on Wednesday.

Business Standard reported on Tuesday that Air India recorded the sharpest percentage reduction in domestic operations among all Indian

carriers. The full-service carrier is scheduled to operate 2,655 weekly domestic flights in June 2026, down from 3,696 in June 2025, a decline of over 28 per cent, according to aviation analytics firm Cirium's data.

Air India, in a statement on Wednesday said: "In continuation of our previously announced adjustments to select international services between June and August 2026, we have temporarily rationalised operations on certain domestic routes during the

same period, with a reduction in frequencies on select routes."

"These adjustments are driven by the sustained impact of high fuel prices on overall operations. Air India will continue to monitor demand and operating conditions closely with a view to restoring frequencies as conditions stabilise," it added. Passengers impacted by these changes will be proactively assisted with reaccommodation, complimentary date changes, or full refunds, it said.

SIEMENS

Annual Financial Results for the Financial Year ended 31st March 2026

The Board of Directors of Siemens Limited ("the Company"), based on the recommendations of the Audit Committee, at its meeting held on 26 May 2026, has approved the audited financial results for the Financial Year ended 31 March 2026 (18 months), which have been audited by Price Waterhouse Chartered Accountants LLP, Statutory Auditors of the Company, in terms of Regulation 33 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

MedTherapy eyes lower costs with Noida facility

SONHIM DAS
Mumbai, 27 May

Boston-headquartered MedTherapy Biotech is scaling up its India manufacturing play with a gene therapy contract development and manufacturing organisation (CDMO) facility in Noida.

It is preparing to enter clinical trials in India for a lymphoma-focused CAR-T therapy being co-developed with Cipla that may hit the market by 2027, subject to regulatory approvals. CAR-T cell therapy for cancer, first approved in the United States by the US Food and Drug Administration (FDA) in 2017, is seen as a potential cure for certain cancers because it generates re-engineered a patient's own immune cells to attack tumours.

However, high manufacturing complexity, long process timelines and steep costs have limited wider access globally.

The company, which positions itself as a low-cost manufacturing platform for cell and gene therapies, said its technology could reduce production costs by over 70 per cent compared to US costs, which can run into almost half a million dollars for a single therapy, while also reducing production timelines.

Some estimates peg the cost to around ₹60 lakh to 70 lakh per patient. Bikash Verma, chief executive officer (CEO), MedTherapy claimed its manufacturing model can bring treatment costs closer to those of chemotherapy over time. He added that the therapy could eventually move towards becoming a first-line treatment option for certain cancers.

MedTherapy says its technology takes a patient's

Ease of access

- MedTherapy's production model may bring CAR-T treatment costs closer to chemotherapy's over time
- It is collaborating with Cipla on a lymphoma-focused CAR-T product
- Funded by Tata Sons, firm incorporated in India in 2020
- CAR-T cell therapy for cancer first approved by the US FDA in 2017

immune T-cells from blood, genetically modifies them in the lab to recognise and attack cancer cells, and then infuses them back into the patient.

Unlike conventional CAR-T therapies that can take several weeks and require complex cell-isolation equipment, the company claims its platform can manufacture the therapy directly from blood-derived peripheral blood mononuclear cells in around 20-24 weeks. This reduces time, complexity and cost. It has set up its plant in Noida while its technology centre is based in Boston.

It is collaborating with Cipla on a lymphoma-focused CAR-T product and preparing for clinical trials in India. Phase I studies have already been conducted in the US, while India trials are expected to move into the next phase with a target launch timeline around 2027.

PhysicsWallah set to invest ₹120 cr in NBFC arm FinZ

UDISHA SRIVASTAV
New Delhi, 27 May

Edtech firm PhysicsWallah (PW) on Wednesday said its audit committee has approved an investment of about ₹120 crore in its wholly owned subsidiary, FinZ Finance, through a rights issue.

It will subscribe to up to ₹2.67 crore fully paid-up equity of FinZ with a face value of ₹10 each, issued at a premium of 135 apiece, according to a regulatory filing.

FinZ, which operates in the financial services sector, is a wholly owned unit of PW. It received a non-banking financial company (NBFC) licence from Reserve Bank of India in September 2025 and commenced operations in March 2026.

In its post results analysis call, PW's management said FinZ provides short duration education loans to students. They added the company dominantly caters to PW's students as around 70-75 per cent loans are given to students already enrolled with it.

The capital infusion will be used to augment FinZ's working capital requirements and support its expansion plans.

PW Q4 earnings PW on Wednesday said its losses narrowed to ₹74.99 crore in the fourth quarter of 2025-26 from a loss of ₹293 crore in the year-ago period. Revenue from operations rose 50.7 per cent to ₹918.8 crore in Q4FY26 from ₹609.6 crore a year ago.

NOTICE

1. **AGM Notice**
Notice is hereby given that the 30th Annual General Meeting (AGM) of the company will be held through Video Conference (VC) / Other Audio Visual Means (OAVM) on **Wednesday, the 24th June 2026 at 11:00 AM** in compliance with the provisions of the Companies Act, 2013, General Circular No. 03/2025 dated 22.08.2025 issued by MCA in continuation of the earlier circulars, to transact the business set out in the Notice convening the AGM.

2. **Service of documents**
In deference to the above and SEBI Regulations, electronic copy of the Annual Report for FY 2025-26 comprising the Notice of the 30th AGM, Financial Statements, Board's Report, Auditors' Report and other documents required to be attached thereto has been sent to all the members whose email addresses are registered with the Depository Participants (DPs) / Registrar and Transfer Agent (RTA). Letter providing web link and exact path of annual report is being sent where e-mail id's are not registered with us. These documents are also available on the Company's website (www.ponnisugars.com) and on the websites of the Stock Exchanges i.e. BSE Ltd. (www.bseindia.com) and National Stock Exchange of India Ltd. (www.nseindia.com).

3. **Record Date**
The Record Date to ascertain the shareholders who are eligible to receive dividend for FY 2025-26 is fixed as **Friday, the 05th June 2026**.

4. **e-Voting**
The Company is providing the facility for its members to cast their votes in respect of all the items of business proposed for the 30th AGM under any one of the options (a) remote e-voting facility (b) e-voting at the AGM. For voting instructions, members may go through the voting process and instructions given in pages 13-17 of the Annual Report. Members may take specific note of following:

- The cut-off date for determining the voting rights is **Wednesday, the 17th June 2026**.
- Only persons whose names are recorded in the Register of Members or in the Register of Beneficial Owners maintained by the Depositories as on the cut-off date are entitled to vote under any one of the voting options.
- For those who have become members after the dispatch of the AGM Notice and holding shares as on cut-off date, the Company would be sending them the 30th Annual Report to their registered email address and when they become members and they can exercise their voting right by obtaining the User ID and password in the same manner as stated in the AGM Notice.
- The remote e-voting will commence on **Saturday, the 20th June 2026 (10.30 AM)** and end on **Tuesday, the 23rd June 2026 (5.00 PM)** and the same will not be available beyond that time.
- The members as on the cut-off date attending the AGM are entitled to exercise their voting right at the meeting through e-Voting, in case they have not already cast their vote by remote e-voting. No voting is permissible after the end of the AGM.
- Members who have cast their votes by remote e-voting are also entitled to attend the AGM but they cannot cast their vote again at the AGM.
- Website address of CDCL providing Remote e-Voting and e-Voting services: www.cdslindia.com
- Visit details in case of grievances pertaining to Remote e-Voting / e-Voting facility:

Hyundai to raise prices by up to ₹12,800

Hyundai Motor India Ltd (HML) on Wednesday said it will hike prices of its vehicles by up to ₹12,800, depending on the model and variants.

The price revision is attributed to a combination of various cost escalations. It added, "This is in continuation of HML's announcement on April 8, when the car maker in a regulatory filing announced a 10 per cent hike across its portfolio from next month, citing various cost escalations, effective next month."

"The extent of price increase is up to a maximum of ₹12,800, and it will vary depending on the model and variant," said HML in a statement.

The price increase has been necessitated due to rising input costs. Increased commodity prices and higher operational expenses, among other reasons, it said.
